SD Card Challenge

Once again, a group of us met at The Embankment hotel to start our SD Card Challenge. Each of us was given a card to use for the evening and we went off for about an hour and a half to see what images we could capture. After that it was back to the Embankment for a pleasant hour or so for drinks, chat and giving in the cards so that the images could be uploaded to the laptop.

It was a lovely opportunity, not only to meet up socially, but also to discuss the photos that we all decided to submit. There was a variety of images ranging from architecture, wildlife and plant life to portraits, water sports and multiple exposures.

SD Card Challenge Review

Following the challenge, we took time on the next week's club night to review all of the images that had been submitted.

Each person's photos were grouped together so that we could look at them all and then decide which was our favourite for each person.

It was a great opportunity for us to to discuss our own photos in a friendly and informal way without the pressure of competition nights.

The consensus was that we should try to do this again soon.

See the next page for Aidan's panel of the favourite photos.

This month's Studio night had to be cancelled. Next month we may be outside for Studio but Andy will let us know nearer the time.

The committee will be meeting on Wednesday 9th July after which we will let you know about the arrangements for the London photo walk.

In addition, there will be another chance to listen to Ann Miles as she is visiting Olney Club on 30th July. The title of this talk is "Weather to Photograph and What".

I will be asking you to let me know if you want to come to Olney for the talk. We may be able to arrange car sharing to get there.
